

## **TAKE ACTION AGAINST THE LIBERAL CUTS**

Eligibility for the Child Care Subsidy has been reduced to a lower income level as part of the Liberal cuts to social programs. This means that many low income families are no longer eligible to receive assistance towards their child care fees.

Child care advocates across the province are stunned and horrified.

"We have been telling the government over and over again that quality child care is not affordable for most parents. But, this government, that promised to listen and work with community groups chose to cut the heart out of Child Care BC and now they are reducing financial support to the very poorest of already low income families." says a distraught Sharon Gregson, child care advocate.

This cut has affected the most vulnerable of our society, something that the Liberal government promised not to do during the election campaign. "Let's be very clear. Cuts for these families will mean parents choose between quality child care and feeding their kids. We are not talking about families who have two cars, a boat and vacation property. These families are barely surviving! Any cuts will be devastating for these children" says Susan Harney of the Coalition of Child Care Advocates of B.C. "Families will be forced to leave their children in cheaper, unsafe, babysitting where adults are untrained and have no criminal record checks. Obviously the Liberals are willing to trade these children to save a few dollars".
