BC families and communities need a publicly funded child care system that includes enough affordable licensed daycare spaces to meet the real needs of children and families and wage increases for the child care work force that enhance quality.

### I call on you and your government to:

- **use the current provincial surplus to restore the \$42 million cut from child care spending since 2001/02 AND**
- **use the federal funding to ensure DAYCARE FEES go DOWN and WAGES go UP!**

Sincerely,
